St Hilda’s College is a welcoming community of 215 students, resident tutors, visiting scholars and resident staff. We are a young college with a strong sense of tradition and community with modern facilities and grounds.

We are a very inclusive environment. All of our students pride themselves on our close-knit community as the smaller size of St Hilda’s enables all students to get to know each other. The majority of our students come from regional and rural Victoria, with plenty from interstate, metropolitan Melbourne and overseas enlivening our community.

St Hilda’s offers a comprehensive academic mentoring and tutorial program, with a focus on pastoral care to assist our new students and their transition to university life. Each student is encouraged to participate in intercollegiate arts and cultural events and sporting competitions as well as St Hilda’s College Student Club activities, events and committees. This ensures a well-rounded university experience and excellent graduate outcomes.

Our Library houses a range of supplementary reading as well as the prescribed text books that can be borrowed, rather than purchased. We also have an excellent fiction range for any avid reader.
